2025 Preliminary Estimated Capital Gains Distributions
Estimate is as of September 30, 2025

Please note these year-end preliminary estimates were based upon the best information available. The information presented here isn't final; these are only preliminary estimates and are subject to significant change as we finalize our calculations. All estimates are subject to significant change based on a number of factors, including changes in the number of shares outstanding, fund-level tax adjustments and/or reclassifications, changes in capital gain estimates that may occur between the date when these estimates were prepared and the date when the actual capital gain amounts are finally determined, and other factors. The final per share amounts will be based on the actual number of shares outstanding on a Fund's record date, which we expect will differ from the number of shares outstanding when these estimates were prepared.
